YOUNIQX

Your whole life is digital, but the world around you seems like it's stuck in the past? Do you wonder why you don't just have your driver's license on your smartphone? Why you can't open a new bank account while sitting on your sofa? Why you constantly have to worry about the security of your crypto-wallets? We do! Develop identity solutions with us and let our vision come true.

We are looking for an

Android Developer (m/w/d) in DevSecOps Environment

You'll be responsible for

- Designing, developing, testing, deploying, maintaining and improving software (apps & SDK) that will shape the future of digital identity
- Collaborating with your cross-functional team to make sure we reach our goals
- Automated testing, continuous integration, continuous deployment, DevSecOps will be part of your daily life, not just buzzwords to impress your team's stakeholders
- Designing and building software with security built-in, not bolt-on

You'll fit right into our team if

- You have experience with mobile development (Kotlin) and a passion for exploring new technologies in your field
- You are an expert in Android development and open for stepping outside your comfort zone (iOS or backend development) to help your team
- You care deeply about the quality, testability and maintainability of your code
- You have a proactive attitude and take ownership for your code
- You learn quickly and easily adapt to change
- Good spoken and written german

What it's like at youniqx

- Open, innovative and laid-back environment in a young company
- You and your team work autonomously and have the opportunity to shape our future
- Openness for mistakes and feedback
- Our success is your success - we have a bonus agreement with all employees
- Flexible working hours
- Remote work is possible (within Austria), while we still come together regularly once a sprint in Vienna

When joining youniqx, you'll be working in an environment where security is fundamental, so we will ask you to complete a security clearance.

For this position, the minimum gross salary is **€ 2,428 per month** (38.5h/week), your actual salary depends on your qualifications and experience.
